- Faster and higher quality clinical assessments
- Increases revenue per practice hour

Drives front office efficiencies

- Improves workflows, eliminates manual paperwork
- Reduces staff burnout
- Lowers administrative expenses

Improves patient satisfaction

- More informed patients
- Better clinical outcomes
- Enhanced patient comprehension and care compliance

HOW IT WORKS

1

INFORM

Video-based education and documents

- **Standardized** content
- **Consistent** delivery
- **Easy** to consume

Enhances patient engagement with your protocols.

2

CONFIRM

Testing and teach-back

- **Confirm** comprehension
- **Teach-back** to reinforce
- **Multi-lingual** capability

Ensures patients fully understand.

3

CONSENT

Meaningful, informed verifiable process

- **Digital end-to-end** process coverage
- **Verified** with date/time stamp
- **Validate** with acknowledgements

Highly documented audit and inspection reporting. Saves time and reduces liability exposure.
